PROFESSIONAL SUMMARY

Full-stack developer with 2+ years of experience in .NET, Azure, and ReactJS. I enjoy choosing the right tech stack for each project and have a strong knack for debugging and problem-solving. I'm a fast learner, thrive in agile teams, and spend my free time building real-world apps. I'm passionate about tech and aim to start my own venture in the future.

TECHNICAL SKILLS

Languages: C#, JavaScript, HTML, CSS, SQL, Python
Back-End: ASP.NET Core, .NET 6, Azure Functions, Logic Apps
Front-End: ReactJS, Angular (basic), Bootstrap, Razor Pages
Cloud/DevOps: Azure, AWS (basic), Azure DevOps, GitHub Actions
Database: SQL Server, MySQL
Other: Git, CI/CD, Infrastructure as Code, Razorpay, Figma

PROFESSIONAL EXPERIENCE

Web Application Developer   Nov 2022 – Jul 2024
Schnell Solutions Ltd, United Kingdom (Remote)
Tech Stack: ASP.NET, C#, JavaScript, Azure B2C, Python

- Built and deployed a WebView-based mobile app in 9 months following Agile practices.

- Ran comprehensive manual, regression, and exploratory test suites before releases.

- Automated post-deployment validation using Python scripts, reducing QA cycles by 30%.

- Took over 3 legacy projects and integrated Azure Application Insights, cutting debugging time by 60% with real-time telemetry and centralized logging.

Software Developer Intern   Aug 2022 – Nov 2022
Visualyze.AI, Trivandrum (Remote)
Tech Stack: .NET 6, ReactTS (TypeScript), HTML, CSS

- Cut backend API response time by 80% (12s to 2s) through query optimization, async tasks, and caching.

- Built Pub/Sub systems for Gmail, Google Drive, and OneDrive, reducing missed events by 90%.

- Created real-time SignalR dashboards with live data streaming, enhancing user engagement and visibility.

KEY PROJECTS

Seekify – NASA Space App Challenge (Team Lead)   Oct 2023
.NET, Azure, JS, Figma

- Led a team to deliver a full-stack AI-powered prototype in 48 hours.

- Won **Innovation Excellence Award** among hundreds of global participants.

Beige – Fashion eCommerce Site   Jun 2024 – Present
.NET, Azure, Razorpay, Google Analytics

- Built a full-stack Azure-hosted application for a UK fashion startup.

- Integrated Razorpay and analytics; provided investor updates weekly.

EDUCATION

Master of IT (Professional Computing)   Jul 2024 – Present
Swinburne University of Technology, Melbourne

AWARDS & RECOGNITION

- **Innovation Excellence Award** – NASA Space App Challenge 2023
